

*Responsible Care is the global chemical industry's unifying commitment to the safe management of chemicals throughout their life cycle, while promoting their role in improving quality of life and contributing to sustainable development.*

*CM Fine Chemicals GmbH commits to uphold the following principles and have incorporated into strategies, policies and procedures and established a culture of integrity:*

*1. **A Corporate Leadership Culture** that proactively supports safe chemicals management through the global Responsible Care initiative.*

*2. **Safeguarding People and the Environment** by continuously improving our environmental, health and safety performance; the security of our facilities, processes and technologies; and by driving continuous improvement in chemical product safety and stewardship throughout the supply chain.*

*3. **Strengthening Chemicals Management Systems** by participating in the development and implementation of lifecycle-oriented, sound-science and risk-based chemical safety legislation and best practices.*

*4. **Influencing Business Partners** to promote the safe management of chemicals within their own operations.*

*5. **Engaging Stakeholders**, understanding and responding to their concerns and expectations for safer operations and products and communicating openly on our performance and products.*

*6. **Contributing to Sustainability** through improved performance, expanded economic opportunities and the development of innovative technologies and other solutions to societal challenges.*
